

## **Application to be co-opted as a Parish Councillor for Walberswick Parish Council - June 2021**

To the Clerk of Walberswick Parish Council

I would like to apply for the vacancy of Councillor on the Walberswick Parish Council.

I moved into Walberswick with my husband just as my first child was born as we wanted to bring up our family where they have roots. My permanent address is here and I am registered on the Electoral role.

I now have two children in local state education, with my youngest starting Primary School this September.

My husband and I are employed locally and I work for a Community Interest Company fulfilling NHS contracts for this area.

I have an innate love of our coast and sea and our history; I am a committee member of Walberswick Local History Group.

I am committed to ensuring that Walberswick develops as a place to live and thrive for future generations of my family as well as remaining a beautiful place for others to visit for the day.

I have experience of being on the Parish Council as Clerk whilst I was on maternity leave in 2014-2015.

Yours sincerely

Rebecca Whiting
