

## **Speed Watch team report to Walberswick Annual Parish Meeting - 2026**

Teams are out Speedwatching regularly, so very many thanks indeed to our committed members. The Police are clear that Community Speedwatching makes a difference by reminding motorists of Walberswick's 20mph speed limit. It's not all about monitoring the speedsters, it's more about giving motorists an opportunity to reflect and modify their driving behaviours. We believe we help to do this. Even more so now, at the start of the busy summer period. With many houses let, our beach car parks filled with 500 vehicles on sunny weekends, and our families and friends visiting, The Street will be at its busiest. There will also be many pedestrians strolling along with children and dogs. We aim to try and help keep everyone safe and avoid the devastating consequences that illegal speeding accidents can bring. We would warmly welcome a few more volunteers please, whether you are a second homer or a resident. A short training session is given and you then choose just a few dates on the rotas when you'd like to help out in a friendly team of three for an hour's session. Please ring Jane on 07808738888 for further info.

**Jane Sutherland Rogers and John Warbey, Walberswick CSW Co-Ordinators.**
