

## Walberswick website APM

There is little to report about the Walberswick website this year. It continues to be your first port of call if you are researching anything that happened in Walberswick since it was launched in 2009. Nothing has been removed except for items required by the Data Protection Act.

You will find everything you need to know about the Parish Council, planning applications, the history of Walberswick, the Common Lands Charity, or how to book the Heritage Hut, the Village Hall, and the communal beach hut. There is a daily weather forecast and weather warnings which are both shown on the top page.

We welcome your suggestions on what might also be included, and your criticisms when links don't work!

Kay Ungless
