

Planning Advisory Group. Report to Walberswick Parish Council.

Planning Application ref DC/18/2444/VOC

Since the drafting of the report it has come to our attention that there has been a serious breach of condition 7 regarding the retention of boundary planting etc. which significantly detracts from the amenity of adjoining residents. We urge the Parish Council to take the matter up with SCDC before deciding whether or not to approve the 'non-material alterations' proposed.
